snack bar.*

✕ NEW THINGS ✕

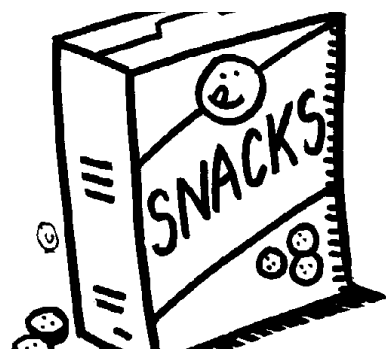

1. *New Location: US Room 201*
2. *New Time Schedule: 10:00~10:10*
3. *New Rules: How to order Food in Snack Bar*
4. *Expanded Menu*

“BRAND-NEW SNACK BAR FOR STUDENTS?!”

As the school is making several changes this year, new members of student council have renewed our student snack bar with expanded menu and new payment system.

Every year, the biggest problem at the snack bar was the replenishment of snacks. Unlike last year, when they ordered food from online market, the Council decided to spend their own time to buy food directly from the store. Every other friday, two or three of the members are responsible for purchasing the snacks.

Also, this year the Council is keeping records of all the

snacks they are selling and the money they make from the snack bar. It will help them to get to know what snacks students prefer. Moreover, this data will help the Council determine the number of snacks to buy, so that they can fulfill the demands.

1. Make a line in front of each student council member. Then they will take your orders.
2. Order food with clear and loud voice so that Student Council members can hear you.
3. Wait patiently, because Student Council need to make a record of all their sold snacks.
4. Do not forget your change, or food, or any of your belongings.
